Letter of Reference

Period of Internship: January 3 – July 31, 2013

Raphael Ochsenbein born on September 9, 1987 in Burgdorf, Switzerland joined swissnex Boston, the Science Consulate of Switzerland on January 3, 2013 for 7 months to conduct his internship. Among several potential candidates, he had the best profile and was selected to work directly with the Director of swissnex.

His main responsibility was to work as a junior project manager in the area of Science Communication, by publishing two Science & Technology newsletters in English. He also deployed a Twitter reporting on Education, Research and Innovation in Switzerland. Raphael also worked in the field of Science Diplomacy, where he helped swissnex organize the visits of high-level university delegations to Boston, amongst them Ralph Eichler, the President of the ETH Zurich; Antonio Loprieno, Rector of the University of Basel; and Jean-Dominique Vassalli, Rector of the University of Geneva. He supported the swissnex Project Leaders, assisting in the planning, organization and logistics for various events, most notably VentureLeaders 2013 and PlanetSolar DeepWater expedition. During these events he also acted as a photographer. He assisted the communications manager with various tasks in both web-design (homepage and blog, the creation of new email signatures) and print-design (Annual Report), as well as social media (Facebook, Twitter). He also conducted web data-mining to gather intelligence, such as the identification of potential clients, or the latest news, for the projects of swissnex Boston.

We are very pleased to confirm that Mr. Raphael Ochsenbein was a diligent and conscientious intern who quickly adjusted and integrated into a culture new to him. He completed his assigned tasks with little need of supervision and achieved excellent results in terms of quality and quantity. He distinguished himself through a systematic and conscientious approach, sound curiosity and strong interest in his work. His ability to efficiently communicate in English (excellent; TOEFL 115), German (mother-tongue) and French (effective) was a valuable asset.

We have come to know Mr. Ochsenbein as a loyal, team-oriented and cooperative person whose sincere manner was valued by all. His conduct towards superiors, colleagues as well as people from Boston's government, academia and private sector and other Consulates was professional and friendly underlined by his multilingual talent.

After expiration of his contract, Mr. Ochsenbein will return to the University of Zurich in order to continue his studies. We regret his departure and would like to take this opportunity to thank him for his valuable services and to wish him all the best for his future endeavors.

Period of Traineeship: August 15 – December 14, 2012

Raphael Ochsenbein from Bern, Murten, Fahmi (BE) Switzerland, born on September 9, 1987, joined the Science & Technology Office Tokyo at the Embassy of Switzerland in Japan on August 15, 2012 to conduct his traineeship for 4 months. Among several potential candidates, he had the best profile and was selected for the Science & Technology Office Tokyo.

His main responsibility was to support the making of the monthly ST Newsletter from Japan, as well as the bi-monthly Science-Switzerland bulletin as an editor. This included collaboration with Dr. Felix Moesner from Swissnex Boston. Mr. Ochsenbein did important design work for the 32-page S&T Office Annual Report 2012 where he redesigned the complete layout and contributed many photos. He also supported both the exhibition and the symposium of the Swiss Design Prize held at Spiral Hall in Tokyo with his in-depth knowledge of the Adobe Suite. – In parallel, he contributed to several events organized by the S&T Office, such as the WDA forum event, the breakfast-presentation of Blue Planet Prize recipient Dr. Wackernagel, as well as the Switzerland-Japan Joint Committee Meeting. He attended briefings on Photovoltaic and Pharmacy and wrote summaries. Mr. Ochsenbein also compiled an extensive and colorful report on the Tokyo Game Show 2013 and the key-players of the Swiss gaming-industry.

We are very pleased to confirm that Mr. Raphael Ochsenbein was a diligent and conscientious trainee who integrated well into a culture new to him. He completed his assigned tasks with few need of supervision and achieved expected results in terms of quality and quantity. He distinguished himself through his pro-active attitude, sound curiosity, and a strong interest in his work. His ability to efficiently write in English was a valuable asset.

We have come to know Mr. Ochsenbein as a loyal, team-oriented and cooperative person whose sincere and independent work-style was valued by all.

After expiration of his contract, Mr. Ochsenbein will continue his traineeship and move to Boston to work with Swissnex Boston. We regret his departure and would like to take this opportunity to thank him for his valuable services and to wish him all the best for his future endeavors.
